

Nutra-Rinse

A high quality neutralizer and conditioner formulated to help eliminate alkaline residues on floors. Its special chelating action ties up the insoluble alkaline salts left behind by alkaline strippers that can cause floor finishes to powder or wear poorly. Nutra-Rinse allows stripper residue to be quickly and easily removed. Its labor-saving formula eliminates multiple rinsing steps.

Features & Benefits

- Allows stripper residue to be quickly and easily removed.
- Labor-saving formula eliminates multiple rinsing steps.
- Works equally well on carpets!

Directions

Remove shipping cap and insert into Hillyard Cleaning Companion unit.

DIRECTIONS: Remove shipping cap and insert into Hillyard Cleaning Companion unit.

FLOORS: To remove alkali residue left by floor strippers. Apply liberal amount of solution, let stand 5 minutes, and recover with wet vacuum. Damp mop rinse a second time with clean water. To neutralize ice-melt compounds on floors. Damp mop floor and allow to dry.

CARPET: To neutralize ice-melt compounds on carpet. Spray area where ice-melts have been tracked in. Let dry and vacuum.

STAINLESS STEEL AND FORMICA SURFACES: Apply to surface with trigger sprayer and wipe with sponge or damp cloth. Rinse with clean water.

NOTICE: Do not use on polished marble.

Safety

See material safety data sheet and product label for safety information, handling and proper use.
