

HILLYARD  
THE CLEANING RESOURCE®

# Luxurious Foam

Handwashing System

Here By Popular Demand.

# More washes.

## A better experience.

**O**ur customers have spoken – and we’ve listened. With our new luxury foam soap dispensers, you’ll get significantly more washes than traditional dispensers.

Add our luxurious foam soaps and you’ll have one powerful cleaning system.

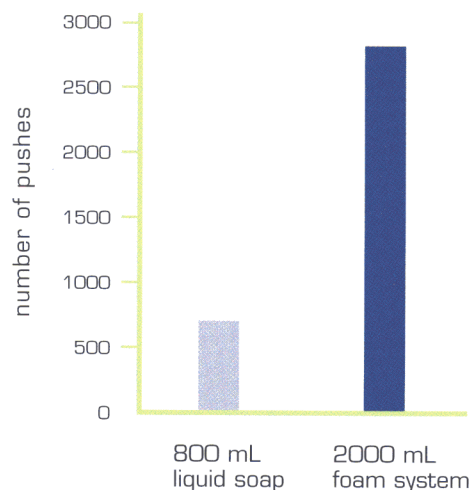

Air is infused into the dispenser when it’s pushed, resulting in a rich, creamy lather. From just one push, you get a generous portion of foam – and a second push of the dispenser is not needed.

Foam soap from one push

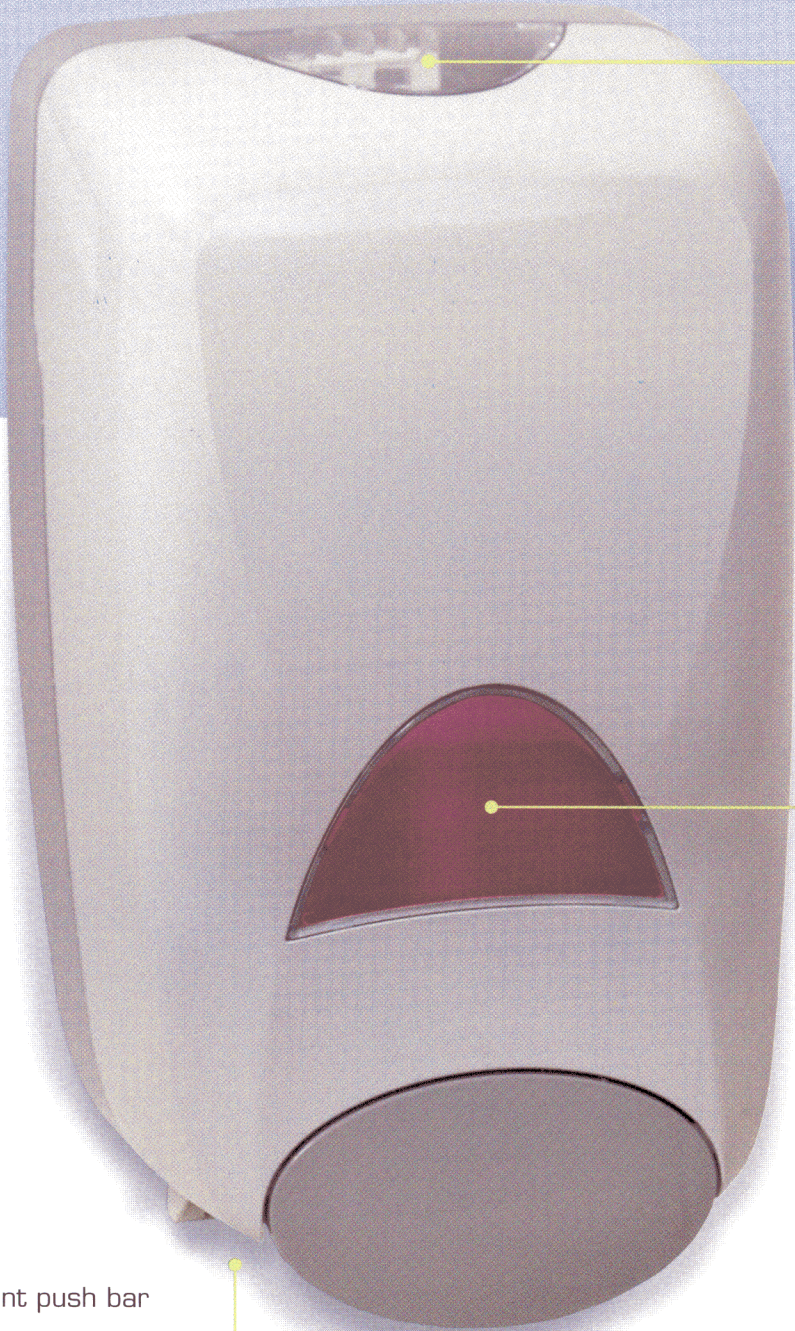

Traditional liquid soap from one push

# Smart Design.

## Exceptional Engineering.

Skylight clearly shows product through extra-large site window

Durable construction, long-lasting performance

Easy-to-replace refills (fresh valve included)
