

HILLYARD Multi-Flo™

AUTOMATED APPLICATOR
10,000 SQUARE FEET PER HOUR

Single Button Operation

Easy to use, minimizes training.

No-touch Clean-up

Makes cleaning a snap, saving time and improving safety.

Quick Change Pump Technology

Quickly change pumps based on application, saving time and eliminating possibility of cross-contamination.

Onboard Weight System

Convenient interchangeable weights assure proper coverage rates resulting in accurate uniform coatings.

Interchangeable Heads

Switch from wood to resilient tile in seconds saving time and the cost of multiple pieces of equipment. The Multi-Flo™ can be used on almost every floor in your facility.

Multi-Flo™ by HILLYARD

The battery operated applicator designed for speed and flexibility so you can save time, effort, and money on your floor maintenance projects. Three machines in one, the Multi-Flo™ can be used to apply:

- Wood Floor Coatings
- Resilient Surface Coatings
- Hard Surface Coatings

When it comes to coating application Multi-Flo™ by HILLYARD has it covered. Quickly.
